

Vogue Dance Company

Helping Dancers Achieve their Dreams!

Dear _____,

Vogue Dance Company is a locally owned and operated company that prides itself in making dance an affordable option to many students within our community. However, with rising costs for materials it can become difficult for students to afford the yearly expense of costumes. In order for students to be able to perform with the company they need to raise their own costume fees through fundraising and sponsorships. That is why they are coming to you. They need your help to make this dream a possibility for them. We will be printing your business/personal name in the program for the East Idaho Dance Showcase and Vogue Dance Company's year end recital as one of our sponsors as well as make a vocal thank you to each of our sponsors throughout the program. Both of these events entertain large audiences and we would love to have you as part of our audience by offering 2 free admission tickets to each event. As well as post a thank you including your business logo or name on our website. Again, we greatly appreciate your support and thank you for your generosity!

Sincerely,

Director: Janell Fullmer

Student:
